July					
Proposals to change the arrangements for the collection, storage and processing of cans and plastics	Cabinet on 13 July 2010	Councillor Geoffrey Churchard Andrew Robertson, Head of Environment and Regulatory Services	To receive the recommendations of the Refuse Collection Working Party with regard to the future arrangements for the recycling of cans and plastic bottles. This report follows changes made to the market for these materials and the implications for retaining the separation and baling equipment at the Council's Materials Recycling Facility.		O & S (Public Services)

The Forward Plan is not an exhaustive list of all key decisions but gives an indication of those decisions it is known the Council's Executive will need to consider in the coming period. Not all key decisions will be able to be identified four months in advance of the decision being taken. When key decision needs to be taken, and the timing means that it is not feasible to include them in the Forward Plan, then the person or body to whom the decision has been delegated can make the decision. However at least three clear days notice of the decision must be given to the relevant Overview and Scrutiny Committee(s) and the public before it is formally taken.

Please note that any items marked * will be considered after the exclusion of the press and public in view of the nature of the information to be considered.

Please contact the above named Portfolio Holders or officers for further information. Contact details are listed below. For copies of reports to the Cabinet please contact the Corporate Administration Section on 01727 819523 or email corporateadmin@stalbens.gov.uk
